Dear Sir/Madame,

Position applied: **Web-developer**

I would like to apply for joining in a team of **Web-developer** at Mlab Cambodia, posted on Facebook (<https://www.facebook.com/Mlab Cambodia>) while I was seeking for one over the Facebook. I am keenly interested in this position and I would like to submit my application for your consideration. I would like to advance my knowledge, get some more experiences and improving my personal abilities and fulfilling my school curriculum qualification to become an effective human resource to develop IT sector and improving technology.

As you will see my enclosed CV, I am currently the 4th year student in Department of Information and Communication of Engineering (DICE) at Institute of Technology of Cambodia (ITC).

During my last 3 years and current year at school, I have been learning many subjects both general subjects and skills such as: **Algorithm, OOP, C, Java, HTML, CSS, JavaScript, Bootstrap**, etc.

My detail qualification and knowledge are attached on my enclosed resume. I am confident that this position will inspire me to devote myself completely to cope with all sorts of tasks and difficulties during, I am handling the job.

I am enthusiastic, reliable, responsible, friendly, self-motivated, flexible person. In addition, I enjoy learning new things and working with all kind of people. I am a person with commitment who will work to achieve your team goal, value, with these experiences I believe that I am a suitable candidate to be a teammate in your team.

I am looking for a position that will allow me to use the skills I have acquired in the course of my studies. I believe that I would be an ideal candidate for the position as a **Web-developer**. I am available for an interview to come at any time convenient to you.

Yours Sincerely,

Soum Som On
